### Orgull de Sitges

Sitges és una vila rica, pel seu valor natural. Rica, pel llegat patrimonial, arquitectònic i cultural, i rica en diversitat. Som un municipi acollidor, en el que hi conviuen un ampli ventall de persones de procedències i nacionalitats diverses, i on fem bandera de la diversitat no només entorn el dia de l'orgull, sinó que ho fem durant tot l'any.

Sitges acull la Gay Pride des de fa 18 anys i no imaginàvem el calendari sitgetà sense ella, perquè és un esclat de llibertat, de reflexió, de color, d'ambient i d'espectacle, envejat a moltes altres destinacions del món. Reivindicar i enaltir l'orgull LGTBIQ+ al costat del mar i amb el massís del Garraf com a teló de fons, afegeix encara més valor a una Pride que arriba amb una àmplia programació i que omple la vila dels colors de l'arc de Sant Martí.

Per a Sitges, ser l'amfitriona de la Gay Pride és un al·licient, perquè el municipi es transforma i es converteix en un espai, no

només de reivindicació, sinó també en un lloc on divertir-se, menjar bé, on descobrir hotels amb encant i també on conèixer persones de tots els punts del planeta. És una localitat on podem carregar energia al sol, gaudint de platges amb tots els serveis i on descobrir una oferta comercial exclusiva. Però Sitges és, també i sobretot, un lloc on viure i on la cura del nostre entorn és clau per a tots nosaltres. Són dies de celebració, però pensem en el descans dels veïns i fem que la Pride de Sitges sigui una icona, també, en matèria de civisme.

Com a Alcaldessa us convido a que gaudiu de Sitges, de la Pride i de l'àmplia programació lúdica i cultural que té lloc durant aquests dies, especialment de la Gay Parade, perquè és tot un espectacle d'alegria que encomana.

**Benvinguda Gay Pride! Benvingut orgull!**

**Desitjo que passeu uns dies feliços i inoblidables a Sitges!**

### Orgullo de Sitges

Sitges es una villa rica, por su valor natural. Rica, por su legado patrimonial, arquitectónico y cultural, y rica en diversidad. Somos un municipio acogedor, en el que conviven un amplio abanico de personas de procedencias y nacionalidades diversas, y donde hacemos bandera de la diversidad no solo en torno al día del orgullo, sino que lo hacemos durante todo el año.

Sitges acoge a Gay Pride desde hace 18 años y no imagináramos el calendario sitgetano sin ella, porque es un estallido de libertad, de reflexión, de color, de ambiente y de espectáculo, envidiado a muchos otros destinos del mundo. Reivindicar y enaltecer el orgullo LGTBIQ+ junto al mar y con el macizo del Garraf como telón de fondo, añade aún más valor a una Pride que llega con una amplia programación y que llena la villa de los colores del arco iris.

Para Sitges, ser la anfitriona de la Gay Pride es un aliciente, porque el municipio se transforma y se convierte en un espacio, no solamente de reivindicación, sino también en un lugar donde divertirse, comer bien, dónde descubrir hoteles con encanto y también donde conocer a personas de todos los puntos del planeta. Es una localidad en la que podemos cargar energía al sol, disfrutando de playas con todos los servicios y donde descubrir una oferta comercial exclusiva. Pero Sitges es, también y sobre todo, un lugar en el que vivir y donde el cuidado de nuestro entorno es clave para todos nosotros. Son días de celebración, pero pensamos en el descanso de los vecinos y hacemos que la Pride de Sitges sea un icono, también, en materia de civismo.

Como alcaldesa les invito a que disfruten de Sitges, de la Pride y de la amplia programación lúdica y cultural que tiene lugar durante estos días, especialmente de la Gay Parade, porque es todo un espectáculo de alegría que contagia.

**¡Bienvenida Gay Pride! ¡Bienvenido orgullo!**

**¡Deseo que paséis unos días felices e inolvidables en Sitges!**

### Pride of Sitges

Sitges is a wealthy town thanks to nature and its architectural and cultural legacy, a diverse and vibrant population. We are a welcoming municipality with a wide range of people from different origins and nationalities, and we celebrate diversity not only on Pride Day, but throughout the year.

Sitges has hosted Gay Pride for 18 years and we could not imagine our calendar without it, because it is an explosion of freedom, reflection, color, atmosphere and a big show envied by many other destinations in the world. Celebrating and extolling LGTBIQ+ pride by the sea and with the Garraf massif as a backdrop adds even more value to a Pride that arrives with a wide program and that fills the city with the colors of the rainbow .

For Sitges, hosting the Gay Pride is an incentive, because the municipality is transformed and becomes a space, not only for vindication, but also a place to have fun, eat well, discover charming hotels and also meet people from all over the world. It is a town where we can recharge our batteries in the sun, enjoy beaches with all the services and where we can discover an exclusive commercial offer. But Sitges is, also and above all, a place to live and where caring for our environment is key for all of us. These are days of celebration, but let's think about the residents' rest and make Sitges Pride an icon, also, in terms of civility.

As Mayor, I invite you to enjoy the Gay Pride and the extensive entertainment and cultural program that takes place during these days, especially the Gay Parade, because it is a whole show of joy that I recommend.

**Welcome Gay Pride! Welcome pride!**

**I wish you to spend some happy and unforgettable days in Sitges!**

# Sitges:

a cosmopolitan and vibrant city with a unique charm

**The beautiful, charming and festive Sitges is one of the most fascinating tourist resorts on the Catalan coast.**

A few minutes from the centre of Barcelona, with more than 20 kilometres of coastline, the town is a popular destination for gay travellers. They often say that the cosmopolitan Catalan population is one of the gay capitals of Europe. During the day there is a relaxed, open and pleasant atmosphere, gay couples are at ease having fun and socializing on the beach, and at night a large number of gay clubs and bars enter into play.

With the arrival of June, and the ensuing high temperatures and warm weather, one reminisces about long journeys on the beach or the glorious sunsets on any of the terraces on the seafront; a relaxed dinner in any charming place, while you taste any dish of delicious Mediterranean cuisine, and long festive nights. Sitges is a beach town, relaxed by day, but with a truly amazing gay nightlife around Carrer Primer de Maig, Plaça Indústria, Calle Joan Tarrida and Carrer Bonaire. A magic ambience. The town has always been a place that has charmed tourists and artists. The great secret is its beautiful light and 300 days of sunshine a year, as verified by the artists who, at the end of the 19th century, settled there.

Nature has also been generous with the Sitges: the town has the great privilege of being located on the shores of the Mediterranean and at the foot of the Garraf massif. In the cultural sphere, the legacy is extraordinary: art is very much alive and traditions are maintained with modernity. It has preserved important references from past times and the old fishing village and offers visitors an important architectural heritage. In addition, it enjoys a cosmopolitan character thanks to the heterogeneity of its population, where more than 70 different nationalities coexist. Sitges aims to remain a city that attracts and seduces.

# Culture

Heritage with an added value and a vibrant and freshly intensive cultural agenda

**Culture is one of Sitges' identifying traits.** At the end of the 19th century, a homegrown generation of impressionist painters obsessed with the luminosity in paintings emerged and, shortly afterwards, the town became a modernist hub promoted by Santiago Rusiñol. Sitges has always been in communion with the arts. such a flame is alive and reflected in our heritage. in the occurrence of many different festivals. and the close relationship of many artists with the population.

**Modernism and Noucentisme** were two cultural and aesthetic currents that modernized and brought Europe to Catalonia at the end of the 19th century and the beginning of the 20th. Sitges was one of the most important irradiation points. Today's legacy is an impressive architectural ensemble of remarkable value. The large number of mansions and large manors built by returning Sitgetans from Cuba is a good example. There are also majestic architectural ensembles like Maricel, Mercat Vell, Miramar, Jardins de Terramar, among others.

**1.000 years of art history.** The magnificent heritage is also evident in the array of museums in town which cover a wide range of history. The Maricel Museum goes from Romanesque and Gothic to the 20th century. Cau Ferrat is one of the main museums of modernism

in Catalonia, also it contains other collections, including works by Greco and Picasso. The Stampfli Foundation exhibits an outstanding collection of contemporary art, and the Romantic Museum (now under construction) specializes in the 19th century. There's also the Maricel Palace, an architectural gem of Noucentisme that can be visited at specific times

**The Festival Village.** Sitges holds around 15 festivals throughout the yer. some having international projection. Fantastic Cinema (October) is the most important, there are others such as Jardins de Terramar (July-August). the LGTB + Endimaris cinema (May), the Sitges Next advertising (November). Jazz Festival (April) or Sitges Dona (September). among several proposals.

# Gastronomy

Dishes to enjoy  
the best cuisine

Beyond the sun and the beach, one of the things that visitors look for when they arrive in Sitges are restaurants to enjoy the local, Mediterranean and universal cuisine. In Sitges, you will be able to discover unique dishes and wines, typical of the town and with many different flavors that will always remain in your memory.

Most dishes are typically Mediterranean, such as rice and fish, but if there is one star dish it is, without a doubt, the popular xató. A first course that is curiously consumed in winter, around Carnival, despite being a kind of salad that can be enjoyed at any time of year. It is made with endive, crumbled cod, tuna, anchovies, arbequina. But the special grace and touch is the sauce that gives the dish its name: the xató sauce. The sauce is made with toasted almonds and hazelnuts, garlic, nyoras, fried bread, oil, vinegar and salt.

Another typical dish is the Sitgetana rice, a typical dish that fishermen cooked when they went out to sea. It combines seafood, such as prawns and cuttlefish, with mountain products, such as pork chops and sausages, as well as fish and meat broth in equal parts. One feature that makes this rice unique is that it is made with Malvasia de Sitges.

Precisely, the Malvasia de Sitges is also one of the main legs of the town's gastronomy and the most representative wine, which differentiates Sitges from other towns. With a very fine texture and an aromatic and sweet taste, it is made with the grape variety that bears its name: malvasia. It is distinguished from others from all over the Mediterranean by the climate of the Garraf Massif.

Apart from the typical Sitges dishes, in the town, you will find a wide range of quality restaurants with a varied offer: pizzerias, oriental restaurants, fusion cuisine, places with a wide range of tapas ... In short, options for everybody.

# Beaches

7 beaches in the same municipality

**Sitges is a town configured mainly around the sea.** The municipality begins on the other side of the Garraf massif, near Castelldefels, and also ends after another range of mountains, the Colls - Miralpeix. All along this coastal

In this strip of land, there are beaches: up to 17 different ones, from large beaches with piers to small coves of different characteristics and sizes, which have in common the Mediterranean sun.

The 17 beaches makes Sitges one of the most touristic municipalities in Catalonia. In 2022, the beaches of Sitges are launching their new bars and services, which will allow the image to be updated and modernized and provide even better features.

With this new vision, the beaches will come to life during the entire day and night. During the day as spaces to enjoy the sea, the sun and all kinds of services. At noon and at night they become a space for lunch or dinner à la carte, with increasingly elaborate gastronomic proposals. And from the evening they are a stage of events, with parties, concerts, where you can enjoy the magic of the sunsets in the Mediterranean.

Long beaches and smaller coves. Urban and other natural beaches. Family beaches and other nudists... Sitges offers a complete offer to enjoy the sea and its services as we deserve.

A promotional graphic for Vertigo Dance Bar Sitges. It features a large, stylized yellow 'V' logo made of wireframe, set against a dark blue background with light rays. Below the logo, the text 'vertigo' is written in a large, lowercase, sans-serif font, followed by 'DANCE BAR SITGES' in a smaller, uppercase font. At the bottom, it says 'ABIERTO CADA NOCHE FROM 22.00H' and 'Bonaire, 24 Sitges'. There are also social media icons for Instagram and Facebook in the bottom right corner.

# SAFETY RECOMENDATIONS

## At your hotel

Do not lose sight of your baggage upon your arrival and departure. Lock the door, leave your key at reception and use a safe to safeguard valuables.

## On the beach

Do not take valuables with you and only carry a small amount of money as needed. Keep your belongings with you at all times and never lose sight of them.

## In the street

Make sure that handbags you carry are properly closed, cameras are worn cross-strapped in front of your body, never behind your back, and wallet are kept in inside pockets. Only carry money you really need and do not be ostentatious when paying.

## Nightlife

Always carry ID and a card from your hotel. For your protection, never sleep on a beach or in a public area.
