Sitges, l'Orgull de ser referent en defensa dels drets LGTBIQ+

La diversitat, la integració i la convivència són valors que preservem a Sitges des de fa molts anys i que es transmeten de generació en generació. El nostre compromís permanent i la defensa ferma a favor dels drets del col·lectiu LGTBIQ+ han convertit la nostra vila en un referent a tot el món.

Creiem que tothom ha de ser lliure d'estimar qui vulgui i com vulgui. Per això, des de l'Ajuntament fem una crida a la tolerància zero davant la intransigència dels qui volen vulnerar els drets de les persones lesbianes, gais, transsexuals, bisexuals i intersexuals. Considerem que ningú ha de ser discriminat ni per orientació sexual ni per identitat de gènere.

Sitges és, sens dubte, una vila respectuosa, acollidora i integradora, i on les persones

LGBTIQ+ es poden mostrar tal com són, en llibertat i sense por. En el marc de la commemoració del 28 de juny, Dia Internacional de l'Orgull, reivindicuem el dret d'aquest col·lectiu a viure com vulgui ser sense patir desigualtats, discriminacions o violències.

Volem que la societat avanci cap a la plena igualtat i en aquest marc celebrem al llarg de juny el mes de l'Orgull amb una programació cultural i lúdica per fer visibles, de manera activa, els drets. També celebrem la Pride, un esdeveniment que ens projecta internacionalment i que mostra com la comunitat LGTBIQ+ és àmplia i diversa.

Sitges és una vila oberta, amb un gran activisme gràcies al treball tenaç d'entitats que any rere any han ajudat i ajuden a combatre la LGTBI-fòbia en tots els àmbits de la societat.

Sitges, el Orgullo de ser referente en defensa de los derechos LGTBIQ+

La diversidad, la integración y la convivencia son valores que preservemos en Sitges desde hace muchos años y que se transmiten de generación en generación. Nuestro compromiso permanente y la defensa firme a favor de los derechos del colectivo LGTBIQ+ han convertido a nuestra villa en un referente en todo el mundo.

Creemos que todo el mundo debe ser libre de amar a quien quiera y como quiera. Por eso, desde el Ayuntamiento hacemos un llamamiento a la tolerancia cero ante la intransigencia de quienes quieren vulnerar los derechos de las personas lesbianas, gays, transexuales, bisexuales e intersexuales. Consideramos que nadie debe ser discriminado ni por orientación sexual ni por identidad de género.

Sitges es, sin duda, una villa respetuosa, acogedora e integradora, y donde las personas LGTBIQ+ pueden mostrarse tal y como son, en libertad y sin miedo. En el marco de la conmemoración del 28 de junio, Día Internacional del Orgullo, reivindicamos el derecho de este colectivo a vivir como quiera ser sin sufrir desigualdades, discriminaciones o violencias.

Queremos que la sociedad avance hacia la plena igualdad y en este marco celebremos a lo largo de junio el mes del Orgullo con una programación cultural y lúdica para hacer visibles, de forma activa, los derechos. También celebramos la Pride, un evento que nos proyecta internacionalmente y que muestra cómo la comunidad LGTBIQ+ es amplia y diversa.

Sitges es una villa abierta, con un gran activismo gracias al trabajo tenaz de entidades que año tras año han ayudado y ayudan a combatir la LGTBI-fobia en todos los ámbitos de la sociedad.

Sitges, the Pride of being a reference in the defense of LGTBIQ+ rights

Diversity, integration and coexistence are values that we have preserved in Sitges for many years and that are passed down from generation to generation. Our permanent commitment and firm defense in favor of the rights of the LGTBIQ+ group have turned our town into a benchmark throughout the world.

We believe that everyone should be free to love who they want and how they want. For this reason, from the City Council we call for zero tolerance for the intransigence of those who want to violate the rights of lesbian, gay, transsexual, bisexual and intersex people. We believe that no one should be discriminated against either for sexual orientation or gender identity.

Sitges is, without a doubt, a respectful, welcoming and inclusive town, and where LGTBIQ+ people can show themselves as they are, freely and without fear. As part of the commemoration of June 28, International Pride Day, we claim the right of this group to live as they wish without suffering inequality, discrimination or violence.

We want society to move towards full equality and in this context, we celebrate Pride month throughout June with a cultural and recreational program to actively make rights visible. We also celebrate Pride, an event that projects us internationally and shows how broad and diverse the LGTBIQ+ community is.

Sitges is an open town, with great activism thanks to the tenacious work of organizations that year after year have helped and are helping to combat LGTBI-phobia in all areas of society.

Sitges:

a cosmopolitan and vibrant city with a unique charm

The beautiful, charming and festive Sitges is one of the most fascinating tourist resorts on the Catalan coast.

A few minutes from the centre of Barcelona, with more than 20 kilometres of coastline, the town is a popular destination for gay travellers. They often say that the cosmopolitan Catalan population is one of the gay capitals of Europe. During the day there is a relaxed, open and pleasant atmosphere, gay couples are at ease having fun and socializing on the beach, and at night a large number of gay clubs and bars enter into play.

With the arrival of June, and the ensuing high temperatures and warm weather, one reminisces about long journeys on the beach or the glorious sunsets on any of the terraces on the seafront; a relaxed dinner in any charming place, while you taste any dish of delicious Mediterranean cuisine, and long festive nights. Sitges is a beach town, relaxed by day, but with a truly amazing gay nightlife around Carrer Primer de Maig, Plaça Indústria, Calle Joan Tarrida and Carrer Bonaire. A magic ambience. The town has always been a place that has charmed tourists and artists. The great secret is its beautiful light and 300 days of sunshine a year, as verified by the artists who, at the end of the 19th century, settled there.

Nature has also been generous with the Sitges: the town has the great privilege of being located on the shores of the Mediterranean and at the foot of the Garraf massif. In the cultural sphere, the legacy is extraordinary: art is very much alive and traditions are maintained with modernity. It has preserved important references from past times and the old fishing village and offers visitors an important architectural heritage. In addition, it enjoys a cosmopolitan character thanks to the heterogeneity of its population, where more than 70 different nationalities coexist. Sitges aims to remain a city that attracts and seduces.

Culture

Heritage with an added value and a vibrant and freshly intensive cultural agenda

Culture is one of Sitges' identifying traits.

At the end of the 19th century, a homegrown generation of impressionist painters obsessed with the luminosity in paintings emerged and, shortly afterwards, the town became a modernist hub promoted by Santiago Rusiñol. Sitges has always been in communion with the arts. such a flame is alive and reflected in our heritage. in the occurrence of many different festivals. and the close relationship of many artists with the population.

Modernism and Noucentisme were two cultural and aesthetic currents that modernized and brought Europe to Catalonia at the end of the 19th century and the beginning of the 20th. Sitges was one of the most important irradiation points. Today's legacy is an impressive architectural ensemble of remarkable value. The large number of mansions and large manors built by returning Sitgetans from Cuba is a good example. There are also majestic architectural ensembles like Maricel, Mercat Vell, Miramar, Jardins de Terramar, among others.

1.000 years of art history. The magnificent heritage is also evident in the array of museums in town which cover a wide range of history. The Maricel Museum goes from Romanesque and Gothic to the 20th century. Cau Ferrat is one of the main museums of modernism

in Catalonia, also it contains other collections, including works by Greco and Picasso. The Stampfli Foundation exhibits an outstanding collection of contemporary art, and the Romantic Museum (now under construction) specializes in the 19th century. There's also the Maricel Palace, an architectural gem of Noucentisme that can be visited at specific times

The Festival Village. Sitges holds around 15 festivals throughout the yer. some having international projection. Fantastic Cinema (October) is the most important, there are others such as Jardins de Terramar (July-August). the LGTB + Endimaris cinema (May), the Sitges Next advertising (November). Jazz Festival (April) or Sitges Dona (September). among several proposals.

Shopping

Xxxx

Sitges is a remarkable commercial hub in terms of variety and quality. With a long history as shoe makers and artisans, the town offers a wide range of shopping options. Even considering that the town is rather small, there are several options at the center offering a large variety of clothes and accessories.

The municipality flaunts more than 500 different concerns selling clothing and accessories, crafts, decoration and art galleries. In addition, the flexible opening hours of the shops make it possible to buy any time. While some close at noon, from 10 a.m to 2 p.m and from 5 p.m to 8.30, many do keep their doors open throughout the day. During the summer, they can extend opening hours to 21 hours or more, adapting to demand.

There are a few streets right in the center around Cap de la Vila, such as Carrer Major, Carrer Sant Francesc, Carrer de les Parellades and Carrer Jesus, which are entirely truffled with a large number of shops. In these streets you can find from clothing to quality gastronomic products. On top of shopping, you will enjoy the most famous streets in the old town.

Just to put it down in a few words, strolling through a maze of alleys you will discover many Top Brand clothing stores, as well as souvenir shops, curios, decorations or just a place to drink a coffee and relax.

Gastronomy

Dishes to enjoy the best cuisine

Beyond the sun and the beach, one of the things that visitors look for when they arrive in Sitges are restaurants to enjoy the local, Mediterranean and universal cuisine. In Sitges, your will be able to discover unique dishes and wines, typical of the town and with many different flavors that will always remain in your memory.

Most dishes are typically Mediterranean, such as rice and fish, but if there is one star dish it is, without a doubt, the popular *xató*. A first course that is curiously consumed in winter, around Carnival, despite being a kind of salad that can be enjoyed at any time of year. It is made with endive, crumbled cod, tuna, anchovies,

arbequina. But the special grace and touch is the sauce that gives the dish its name: the *xató* sauce. The sauce is made with toasted almonds and hazelnuts, garlic, *nyoras*, fried bread, oil, vinegar and salt.

Another typical dish is the *Sitgetana* rice, a typical dish that fishermen cooked when they went out to sea. It combines seafood, such as prawns and cuttlefish, with mountain products, such as pork chops and sausages, as well as fish and meat broth in equal parts. One feature that makes this rice unique is that it is made with *Malvasia de Sitges*.

Precisely, the *Malvasia de Sitges* is also one of the main legs of the town's gastronomy and the most representative wine, which differentiates Sitges from other towns. With a very fine texture and an aromatic and sweet taste, it is made with the grape variety that bears its name: *malvasia*. It is distinguished from others from all over the Mediterranean by the climate of the *Garraf Massif*.

Apart from the typical Sitges dishes, in the town, you will find a wide range of quality restaurants with a varied offer: pizzerias, oriental restaurants, fusion cuisine, places with a wide range of tapas ... In short, options for everybody.

Beaches

7 beaches in the same municipality

Sitges is a town configured mainly around the sea. The municipality begins on the other side of the Garraf massif, near Castelldefels, and also ends after another range of mountains, the Colls - Miralpeix. All along this coastal

In this strip of land, there are beaches: up to 17 different ones, from large beaches with piers to small coves of different characteristics and sizes, which have in common the Mediterranean sun.

The 17 beaches makes Sitges one of the most touristic municipalities in Catalonia. In 2022, the beaches of Sitges are launching their new bars and services, which will allow the image to be updated and modernized and provide even better features.

With this new vision, the beaches will come to life during the entire day and night. During the day as spaces to enjoy the sea, the sun and all kinds of services. At noon and at night they become a space for lunch or dinner à la carte, with increasingly elaborate gastronomic proposals. And from the evening they are a stage of events, with parties, concerts, where you can enjoy the magic of the sunsets in the Mediterranean.

Long beaches and smaller coves. Urban and other natural beaches. Family beaches and other nudists... Sitges offers a complete offer to enjoy the sea and its services as we deserve.

STOLI VODKA JOINS SITGES PRIDE 2024

Hace más de 30 años, Stoli Vodka se convirtió en una de las primeras marcas en apoyar activamente al colectivo LGBTQI+.

More than 30 years ago, Stoli Vodka became one of the first brands to actively support the LGBTQI+ community.

Hoy, nos sentimos orgullosos de formar parte del Sitges Pride 2024 para seguir impulsando derechos y libertades con el mismo compromiso por la diversidad e inclusión que nos ha representado durante este largo camino.

Today, we are proud to be part of Sitges Pride 2024 to continue promoting rights and freedoms with the same commitment to diversity and inclusion that has represented us along the way.
